# DMJ SERVICES

Founded in 2003, DMJ Services (London) Limited has over 17 years' experience and a glowing reputation that speaks for itself. We work with a host of the UK's largest property management companies and directly with many blue chip companies, we're constantly developing our professional cleaning business to offer the latest innovations as well as competitive cleaning services.

## **More than just a cleaning company**

DMJ is a privately-owned cleaning services business. This means our dedicated management team can devote their time to our core values: great people, great services, and great performance. Thanks to our extensive experience in all areas of commercial cleaning and specialist cleaning, every single one of our cleaning contracts receives the same outstanding service.

## **Personal service, professional solutions**

We have responsive teams on hand across the UK to arrange tailored yet competitively priced options, and provide dependable services for specialist cleans and regular cleaning contracts alike. Our highly-trained cleaning staff are one of our best assets, and the innovative methods they use mean that the frequency, time and requirements are always arranged to suit our clients.
